

DSR128

**STRONGER
THAN EVER.**

PRO SERIES

12V Heavy Duty Li Jump Starter + USB Ports

Powerful Performance best sums up this new Heavy Duty Lithium Ion jump starter. New case design, extremely durable metal clamps and high-output Dual Lithium batteries set these units apart from the pack. These Professional Jump Starters out-perform the competition at every level. Stronger than ever, they offer solid performance, design and long-lasting durability. The ultimate starting performance, at your side.

2000 Peak Amps

650 Cranking Amps

Lithium Iron Phosphate 24000mAh Battery

76.8Wh (2 x 38.4Wh)

Input: 12V, 3A

Output: 12V DC

USB: 5V DC, 2.1A

12V/DC: 12V DC, memory saver up to 6A

Capable of Starting 5L Petrol Engines and 3.6L Diesel Engines.

DSR128

• **Scrolling Digital Display** - Easy-to-read, animated display gives you step-by-step instructions to properly jump start your battery.

• **Dual 2.1A USB Ports** - 2X Faster charging. Charge all USB devices, including smartphones, mp3 players and tablets.

• **Jump Starter** - Professional grade, high-output, Lithium Ion battery specially formulated to jump start vehicles.

• **Dual Lithium Iron Phosphate Batteries** - Lithium Ion technology provides longer life, holds 70% of charge after 2 years. 5x more cycle life and 4x-5x more cranks than lead-acid battery jumpers. Automatic Power-off when not in use.

• **Safe Lithium Ion Protection** - Spark-free. Built-in safety protection design prevents overcurrent, short-circuit, overload, overvoltage and overcharge.

• **Rust & Corrosion-Proof Case with Protective Side Caps** - side caps help protect vehicle fenders when moving around the vehicle.

• **Rugged Construction** - ABS body with overmolded rubber shoulders.

• **Professional Clamps** - with ergonomic grips.

• **4-Gauge, 20-Inch Cables**

• **Convenient Carry Handle**

DSR SC2 Charger Included (in U.S.) - For charging DSR128 internal Lithium Ion batteries with U.S. plug type A
